

AXLIGHT

is **AXUM Bohemia** dedicated branch for clean, contemporary lighting design, built around the elegance and efficiency of modern LED technology. The collection focuses on interior luminaires that combine minimalist form with practical versatility, offering fixtures that function beautifully as both wall and ceiling lamps.

Every AXLIGHT product is created with a clear design philosophy: **simplicity, clarity, and modern comfort**. The lines are refined, the shapes are purposeful, and the materials are selected to complement a wide range of interior styles — from warm Scandinavian spaces to bold architectural environments.

Our LED-based solutions ensure long-lasting performance, low energy consumption, and consistent light quality. Whether used to create soft ambient illumination or to highlight architectural features, AXLIGHT fixtures bring a sense of harmony and contemporary sophistication to any room.

AXLIGHT is more than just lighting — it's a design language. It represents a commitment to purity of form, thoughtful engineering, and the belief that light should enhance a space without overwhelming it. With a focus on durability, efficiency, and timeless aesthetics, AXLIGHT offers lighting that feels both modern today and relevant for years to come.

Essential Technical Data

- Product name & model number — AXL-51-AA, AXL-52-AA (AA means color finishing)
- Dimensions — 50 x 21 x 13 cm, 50 x 9 x 13 cm
- Weight — 2,5 kg and 1,7 kg
- Material & finish — glass & plywood
- IP rating — IP20

Light Source & Performance Data

- Light source type — integrated LED
- Wattage — 25W
- Color temperature — 2700K warm white
- CRI (Color Rendering Index) — CRI 80

- Beam angle — medium
- Dimmability — yes
- Lifetime — 40.000 hours
- Energy class — according to EU energy labeling.

Electrical & Installation Data

- Voltage — usually 220–240V AC in Europe.
- Frequency — 50/60 Hz.
- Light distribution — up/down, indirect, diffuse, accent.
- Application areas — living room, hallway, bedroom, hospitality, office
